Sept 20th and 21st 2019

Presented by Emerson Hospital's Dr. Robert C. Cantu Concussion Center and Clough Family Center for Rehabilitative and Sports Therapies, in joint providership with the Massachusetts Medical Society, the **3rd Concussion Diagnosis and Management Conference** will highlight current concepts and guidelines in the diagnosis, medical management, and rehabilitation of acute concussion and post-concussion syndrome in adults and children.

Professionals from a broad range of disciplines will present and discuss best practices in the clinical assessment, diagnosis, and the medical, rehabilitative and emotional management of concussion. Through lectures, panel discussions and interactive workshops, you will gain practical clinical information that can be translated to practice.

CONFERENCE OBJECTIVES

1. Participants will identify the recent advances in concussion research and the fundamental tenets of active recovery and rehabilitation.

2. Participants will be able to identify the fundamentals of concussion differential diagnosis, management and multi-disciplinary rehabilitation utilizing evidence-based approaches.

3. Participants will identify the importance of interdisciplinary care in relation to concussion management and treatment across the lifespan.
