MEDICAL EDUCATION BULLETIN
March 2020

This educational bulletin is distributed monthly in order to provide the Medical Staff with a schedule of educational opportunities at Emerson Hospital. **Please note that only those lectures that offer Category 1 credit are listed here (unless otherwise noted).** Please refer to the Medical Staff Calendar for the Category 2 offerings.

4 Wed 5:30-7:30P Medical Staff Clinical **Evening** Conference
 Cheney A&B

Trans Dudes with Lady Cancers: A Documentary from the Perspective of Transgender Patients*
(2 CME Credits will be awarded for this talk)

YeeWon Chong

Filmmaker, Boxxo Productions

Objectives: After the presentation, learners should be able to

- 1) better understanding of the medical implications of transgender and gender non-conforming patients; 2) educate healthcare practitioners to socially interact with transgender and gender non-conforming people in an affirming and helpful manner; 3) illuminate the legal challenges that transgender people and gender non-conforming people face when dealing with insurance, documentation and even family formation.

6 FRI 8-9A Medical Staff Clinical Conference
 Cheney A&B

Risk, Safety and the Patient Experience: Challenges and Successes at Brigham & Women's Hospital*

Paige Wickner, MD, MPH

Medical Director, Department of Quality and Safety, Brigham and Women's Hospital

Objectives: After the presentation, learners should be able to

- 1) review Mass CARE program and approach to risk, safety at BWH; 2) overview of provider comment transparency at Brigham and Women's Hospital; 3) review patient experience data and opportunities.

20 FRI 8-9A
Cheney A&B

Medical Staff Clinical Conference

Confronting a Public Health Crisis: Bringing Gun Violence Prevention to Clinical Care*

Chana A. Sacks, MD, MPH

Co-Director, MGH Center for Gun Violence Prevention, Massachusetts General Hospital

Objectives: After the presentation, learners should be able to

- 1) describe the types of firearm-related violence in the US and identify opportunities for intervention; 2) identify local and state-wide resources to assist in conversations with patients about firearm safety and gun violence prevention; 3) understand the core tenets of a public health approach to gun violence in the US.

27 FRI 6-8P
Cheney A&B

Medical Staff Clinical **Evening** Conference

Cancer Genetic Counseling and Testing*

Dallas Reed, MD

Interim Division Chief of Genetics,
Floating Hospital for Children

Director of Perinatal Genetics, Tufts
Medical Center

Objectives: After the presentation, learners should be able to

- 1) understand when to refer a patient for cancer genetic testing;
- 2) understand the utility of pre and post test counseling;
- 3) understand the types of results from genetic testing, including variants of uncertain significance.

Emerson Hospital designates each of these educational activities for a maximum of one (1) *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in each activity.

Emerson Hospital is accredited by the Massachusetts Medical Society to provide continuing medical education for physicians.
