Emerson Hospital Medical Staff Directory

We are pleased to offer you the Emerson Hospital Medical Staff Directory. This reference guide is designed to provide you with Emerson’s extensive list of physicians, specialists and allied health professionals.

About the Medical Staff

The foundation of Emerson Hospital is its active medical staff—a team comprised of over 350 doctors including primary care physicians and specialists in nearly every medical and surgical field, as well as the members of our dental staff and the allied health professionals who support them. Through this network of highly skilled physicians, Emerson patients can be assured they will receive expert, personalized care.

Choosing the Right Doctor

Whether you are looking for a primary care physician, an obstetrician, a surgeon, or another specialist, choosing a doctor or midwife with whom you are comfortable is important. To find specific information about our physicians’ credentials, including where they went to school, completed their medical training and the certifications they hold, visit emersonhospital.org or call Emerson Hospital’s toll-free Physician Referral Service, 24/7 at 1-877-936-3776 (1-877-9-EMERSON).

Insurance Information

Emerson physicians accept most major health insurance plans. If you have specific questions, you should always feel free to call the doctor’s office directly.

This directory lists phone numbers of the active medical staff of Emerson Hospital. Please note that some physicians are listed twice, because many have multiple appointments and board certifications.

Every effort has been made to ensure the information in this directory is current and accurate. If you have questions, please call 978-287-3002.
